Who we work with

- Assistance companies and insurers – repatriation of patients to and from Poland
- Hospitals and international patient departments – inter-facility transfers across borders
- Air ambulance operators – ground legs and airport handovers
- Medical travel organisers and transplant teams

Levels of care – our own fleet

Specialist ambulance (ALS) – 3 vehicles
Intensive care on wheels: ventilator, cardiac monitor, infusion pumps, oxygen for long distances. For patients who need continuous monitoring or mechanical ventilation.

Transport ambulance (BLS) – 2 vehicles
For stretcher patients who do not need intensive care.

Comfortable van (MPV) – 4 vehicles
Seated and wheelchair patients; one van also carries a stretcher.

Vehicles: VW Crafter, Mercedes-Benz Sprinter and Renault Master with soft suspension for long distances. A physician can join road transfers on request.

Services

- International road transfers – bed to bed, including multi-day missions across Europe and beyond
- Ground legs for air ambulance missions: bed-to-wing and wing-to-bed
- Medical escorts on commercial flights by experienced paramedics – seated and stretcher patients
- Patient and vehicle repatriation together: ambulance plus our own tow truck for the patient’s car
- Follow-up vehicle for luggage, rehabilitation beds and medical equipment

Airport handovers: All airports in Poland, plus Prague, Ostrava, Poprad, Košice, Berlin and Stockholm.

How we work

- International transfers are usually organised within 24–48 hours of the request.
- German and English medical documentation is accepted.
- Phone contact in Polish and English, 24/7; German and Norwegian by email.
- Quotes are a single lump sum per mission; payment by bank transfer. Medical services are VAT-exempt.

Experience

- Patients transported to and from nearly all of Europe, as well as Tunisia, Morocco, Turkey, Georgia, Armenia and the USA.
- Medical escorts on commercial flights from the Americas, Africa, Asia and Europe.
- Ground legs for air ambulance missions at airports in Poland and neighbouring countries.
